EXECUTIVE RISK DASHBOARD

CATEGORY	STATUS	EXECUTIVE IMPACT
Overall Executive Travel Risk	ELEVATED	Multiple announced demonstrations, Presidents Cup traffic/security activity, and hotel-labor strike potential are today's principal movement concerns.
Demonstration / Public Order	ELEVATED	All-day protest listing at 500 W. Madison; additional River North/Chinese Consulate procession and Medinah political protest activity require live verification.
Weather	LOW	Partly sunny, high near 68 F, east-northeast wind around 10 mph; no significant weather-driven movement disruption expected.
Ground Transportation	ELEVATED	Medinah Road closure, Presidents Cup demand, Wrigley day-game release, Douglass Park closures and Loop construction create localized congestion.
Air Travel	LOW-MODERATE	No major local weather driver. ORD is operating with generally favorable displayed performance; verify ORD/MDW flight-specific status immediately before movement.
Protective Intelligence	ELEVATED	No verified executive-specific threat identified, but high-profile event/protest convergence and short-notice labor action elevate situational awareness.

EXECUTIVE SUMMARY

Chicago executive-travel risk is assessed as **ELEVATED**. The highest-priority movement issues are an open-source all-day protest listing at **500 W. Madison St.** in the Ogilvie/Israeli Consulate tower, a separately announced Wang Wang solidarity procession in the River North/Chinese Consulate corridor, and the opening competition day of the **Presidents Cup at Medinah Country Club**, where approximately 40,000 attendees per day are expected and protest activity is also advertised. Hotel labor risk has increased after workers at 46 Chicago hotels authorized strikes; no citywide walkout or specific strike start time was verified at publication. Weather is favorable, and no credible executive-specific threat was identified in reviewed reporting. Unconfirmed social-media and activist-calendar items are treated as tripwires, not verified intelligence.

WEATHER & OPERATIONAL IMPLICATIONS

Current / Today: Partly sunny with a high near 68 F. East-northeast wind around 10 mph with gusts near 15 mph.

Tonight: Mostly cloudy, low near 58 F; light east-southeast wind.

Friday-Saturday: Mostly cloudy to mostly sunny, highs around 66-67 F. No major convective signal in the NWS forecast.

Protective posture: Weather supports normal ground movement. Preserve routine rain gear and lakefront wind contingency, but prioritize crowd, route and labor risks.

AIR TRAVEL & AIRPORT ACCESS

O'Hare (ORD): Chicago Department of Aviation's displayed rolling 24-hour statistics show 94.2% on-time performance, with 145 delayed and 19 canceled flights. Local weather is not a major constraint.

Midway (MDW): Early flight-board reporting shows generally scheduled departures with isolated flight-specific disruption. No broad local weather pressure is identified.

Assessment: Air-travel risk is **LOW-MODERATE**. Reconfirm airline, FlyChicago and FAA status immediately before departure; ORD volume can produce tactical delay changes even in benign weather.

ROUTE CONFIRMATION

Reconfirm routes immediately before every movement. Use Waze/Google Maps, Chicago Traffic Tracker, IDOT/Travel Midwest, CTA alerts and venue advisories. For Medinah movements, avoid assuming normal access on Medinah Road. For West Loop/River North movements, verify protest and police conditions before committing to the primary curb.

DOWNTOWN PROTEST / LABOR ACTIVITY

TIME / STATUS	LOCATION	PRELIMINARY DETAILS / EXECUTIVE IMPACT
8:00 a.m.-5:30 p.m. OPEN-SOURCE / SINGLE-SOURCE	500 W. Madison St. - Israeli Consulate / Ogilvie tower	Activist-calendar and security-monitor listings advertise an autonomous pro-Palestinian protest. The consulate address is verified; turnout, organizer control, permit status and resulting police restrictions are not independently verified .
Late morning / early afternoon ANNOUNCED - TIME VARIES	River North: 648 N. Clark / Erie St. / Michigan Ave. / 100 W. Erie	Ward reporting advises of a Wang Wang solidarity procession starting about 10:45 a.m.; a separate security event monitor lists 1:00 p.m. at the Chinese Consulate. Treat route/timing as subject to change and verify on approach.
Ongoing labor watch VERIFIED	46 Chicago hotels - downtown and McCormick Place area	More than 7,000 UNITE HERE Local 1 workers voted 85% to authorize strikes after contracts expired Aug. 31. No citywide walkout or specific strike start was verified at publication; strikes could be called property-by-property on short notice.

Operational note: Medinah-area organizers and local reporting also identify protest activity connected to the Presidents Cup and a possible presidential visit. Exact presidential arrival timing was not confirmed in reviewed official reporting. Demonstration size, police restrictions and movement routes can change rapidly. Social-media posts are not treated as verified without corroboration.

TRANSPORTATION SECURITY ALERT

A recent CPD alert concerns a string of break-ins targeting locked work vans at 14 locations across the Loop, West Loop and Near South Side. For protective vehicles: remove visible equipment, use controlled/attended parking, avoid predictable curbside staging, keep credentials and devices out of sight, and minimize unattended dwell.

CHICAGO CRIME TRENDS - EXECUTIVE RELEVANCE

TREND	CURRENT INDICATOR	PROTECTIVE INTERPRETATION
Vehicle break-ins / work vans	Fresh CPD pattern: 14 locations in a little over two weeks	Loop, West Loop and Near South Side work vans have been targeted for tools. Keep protective equipment and bags out of sight; favor controlled parking and active vehicle supervision.
CTA robbery exposure	At least two Brown Line robberies in the Loop this month; one involved a firearm	Maintain platform awareness, reduce device distraction and use vehicle transport when principal risk/visibility warrants.
River North late-night violence	Three men shot near Clark and Erie on Sept. 19	Nightlife corridors retain elevated after-hours violence exposure. Avoid curbside dwell and poorly controlled venue exits.
Street robbery / Lincoln Park	Multiple women robbed at gunpoint in recent afternoon incidents	Risk is not limited to late-night periods. Keep pickups controlled and avoid isolated foot movements with visible valuables.
Social-media watch	No social-media-only incident elevated to actionable intelligence at publication	Treat Citizen/user posts as preliminary tripwires. Corroborate location, timing and police/public-source information before changing protective posture.

PROTECTIVE INTELLIGENCE STAFF ASSESSMENT

ASSESSMENT

Executive travel risk is **ELEVATED**. Today combines multiple public-order tripwires with a large suburban international sporting event and a newly heightened hotel-labor environment. The West Loop protest listing is operationally significant because it overlaps the Ogilvie commuter complex and Israeli Consulate tower; the River North procession can affect Erie/Clark/Michigan access; and Medinah will carry heavy traffic plus advertised political demonstration activity. Weather and local aviation conditions are comparatively favorable. **No verified executive-specific threat was identified** in reviewed reporting.

1	Reconfirm protest conditions before movement. Prioritize 500 W. Madison, the Ogilvie curb/Metra approaches, Erie/Clark/Michigan and 100 W. Erie.
2	For Medinah movements, use event-designated access and add substantial time. Medinah Road is closed Irving Park-Lake; monitor law-enforcement and organizer updates for protest or VIP-security changes.
3	Pre-check hotel labor status. Before principal arrivals, confirm staffing, loading access, picket activity and service continuity at the booked property; identify a backup curb or hotel if needed.
4	Harden vehicle staging. Keep vehicles attended where practical, remove visible gear and documents, and avoid repeated predictable loading points in the Loop/West Loop.
5	Use social reporting as a tripwire only. Citizen and user-posted information should trigger verification, not automatic route or threat-posture changes.

24-72 HOUR OUTLOOK

Friday, September 25: Presidents Cup gates open 10:00 a.m.; Round 2 matches begin 1:05 p.m. Expect continued heavy western-suburban traffic. Chicago Gourmet continues; Huntington Bank Pavilion adds evening Museum Campus traffic. Weather trends cloudy to mostly sunny, high near 66 F. **Saturday, September 26:** Presidents Cup gates open 6:30 a.m. for two competition sessions; organizer and local reporting indicate additional protest activity may occur near Medinah. Chicago Gourmet Grand Cru/chef programming increases Millennium Park pedestrian demand. Mostly sunny, high near 66 F. **Sunday, September 27:** Final Presidents Cup round and Chicago Gourmet continue. Additional announced demonstrations are listed for Water Tower/Pioneer Court/Medinah over the weekend; verify exact timing and police posture before executive movements.
