EXECUTIVE RISK DASHBOARD

CATEGORY	STATUS	EXECUTIVE IMPACT
Overall Executive Travel Risk	ELEVATED	5K closures now affect the Loop; marathon staging, an announced Michigan Avenue march and active hotel strikes create overlapping route and arrival risks. [5-10]
Demonstration / Public Order	ELEVATED	Organizer listings call for a 1:00 p.m. Water Tower Park march; route, attendance and traffic restrictions remain unverified. A second listing shows a conflicting time. [8,20]
Labor / Hotel Operations	ELEVATED	UNITE HERE Local 1 workers began strikes at SIX downtown hotels Friday, Oct. 9. Service, access and picket conditions can change. [9-10]
Weather	LOW-MODERATE	NWS: increasing clouds, high near 79 F, south winds 10-15 mph with gusts near 20 mph; Sunday looks sunny near 73 F. [1-2]
Ground Transportation	HIGH	5K road closures 6:30-9:30 a.m.; portions of Jackson and Wacker 5:00-11:00 a.m.; Marathon course closures Sunday 6:00 a.m.-4:00 p.m. [5-7]
Air Travel	LOW-MODERATE	At ~6:50 a.m. CDT FAA reported ORD and MDW general arrival/departure delays at 15 minutes or less; no destination-specific restrictions. [3-4]
Protective Intelligence	MODERATE-ELEVATED	Streeterville garage shooting and Loop carjacking remain pertinent to curbside transfers, garages and vehicle staging; no executive-specific threat corroborated. [14-15]

EXECUTIVE SUMMARY

Executive travel risk is **ELEVATED** on Saturday, Oct. 10, principally from overlapping movement restrictions and hotel-service disruption - not from a verified threat to an individual executive. The Abbott Chicago 5K starts at 7:30 a.m. with temporary Loop street closures, while Marathon staging further limits Grant Park access. **Six downtown hotels have active labor strikes as of Friday**, a material change from earlier strike-authorization-only reporting. Organizer calendars list a 1:00 p.m. march at Water Tower Park (Michigan/Pearson), but route and turnout are not police-confirmed. A Soldier Field soccer match, McCormick Place expo and evening State Street shows create secondary congestion nodes. Tomorrow, Oct. 11, brings the full 55,000-runner marathon and broad citywide closures. [5-13]

WEATHER & OPERATIONAL IMPLICATIONS

Today: Increasing clouds; high near 79 F; south winds 10-15 mph with gusts near 20 mph. NWS reports no area warnings at review time. [1-2]

Sunday: Sunny; high near 73 F; limited local rain concern for the marathon. **Monday:** Near 86 F, then chance of showers/storms Monday night. [1]

Posture: Focus on heat/hydration, wind-exposed sidewalks and changing curb access rather than severe-weather avoidance.

AIR TRAVEL & AIRPORT ACCESS

ORD: FAA status as of 6:49 a.m. CDT: no destination-specific delays, general arrival/departure delays <=15 min. [3]

MDW: FAA status as of 6:58 a.m. CDT: no destination-specific delays, general delays <=15 min. [4]

Aviation watch: NWS noted early low-level wind shear that was expected to diminish around daybreak; isolated afternoon gusts possible. [2]

Action: Reconfirm carrier status, terminal access and ground pickup 60-90 minutes before each transfer.

PRIORITY MOVEMENT DECISIONS - TODAY

1. Avoid Loop 5K course 5:00-11:00 a.m. and use only confirmed crossings. **2.** Pre-clear hotel staffing, loading-dock/valet access and an alternate property before arrival. **3.** Avoid predictable Michigan/Pearson curb dwell around the announced afternoon march; recheck event time and actual footprint. **4.** Stage an alternate downtown pickup location and a Sunday marathon exclusion plan. Magnificent Mile / Water Tower	ANNOUNCED, NOT POLICE-CONFIRMED: 1:00 p.m. march listing at Water Tower Park, 806 N. Michigan/Pearson; possible Michigan Ave. and adjoining streets disruption. Another calendar displays 6:00 p.m. [8,20]
Soldier Field / South Loop	VERIFIED: Chicago Fire FC vs. NYCFC at 1:30 p.m. Ingress/egress near Museum Campus overlaps Marathon setup and McCormick Place Expo traffic; use a second staging point. [11-12]

ROUTE CONFIRMATION & CROSSINGS

Saturday 5K organizer advises **Lower Wacker open** with specific ramps closed; Michigan north of Ida B. Wells stays open for Saturday 5K. Sunday, marathon course closures generally run 6:00 a.m.-4:00 p.m., with 1:00 a.m. no-parking enforcement along the course. Avoid assuming Saturday access survives Sunday. Verify Chicago OEMC, CPD, CTA and real-time traffic before releasing vehicles. [5-7]

DOWNTOWN PROTEST / DEMONSTRATION & LABOR ACTIVITY

STATUS / TIME	LOCATION	DETAILS / EXECUTIVE IMPACT
ANNOUNCED **Sat 1:00 p.m.**	Water Tower Park 806 N. Michigan	Chicago Activism Hub lists a Palestine-related march. OSINT ONLY **Sat 2:00 p.m.**	1800 S. Canal to 555 W. Monroe	Private-security event calendar lists a mental-health-related march. No separate official confirmation of procession footprint or planned road closures was located. Monitor as a route-change tripwire. [18]

Additional hotels could be affected. Check live union hotel list and each property directly. [9-10]

Confirm with CPD/OEMC/established reporting before client escalation or a claim of road closure.

CHICAGO CRIME & PUBLIC-SAFETY DEVELOPMENTS

INDICATOR	VERIFIED INCIDENT / STATUS	EXECUTIVE IMPLICATION
Streeterville garage	Oct. 2: 64-year-old man shot during alleged attempted robbery in the 400 block of E. Illinois St.; adult and juvenile were charged in linked incidents, including a later E. Grand carjacking. [14]	Attended garages; principal waits inside until vehicle and escort are staged. Minimize garage stairwell and curbside dwell.
Loop vehicle crime	Oct. 7: stolen vehicle struck a CPD squad and other cars near State/Randolph after reported carjacking; two people taken into custody and firearm recovered. [15]	Do not approach developing police scenes. Add route / pickup contingency in the Theatre District.
Citywide commercial burglaries	Oct. 2: CPD investigated multi-site crash-and-grab attempts at ATMs and gaming machines on North and South Sides; links among incidents not established. [19]	After-hours site and vehicle staging should avoid unattended curb exposure; separate broader crime patterns from location-specific threat reports.

PROTECTIVE INTELLIGENCE STAFF ASSESSMENT

ASSESSMENT - ELEVATED TRAVEL DISRUPTION / NO VERIFIED PRINCIPAL-SPECIFIC THREAT

The most foreseeable exposure is a **cascading access failure**: road closures plus hotel picketing, event arrivals and a potentially moving afternoon demonstration can defeat a fixed pickup plan. This is an **operational mobility assessment**, not an assessment that protest participants present an inherent violent threat. Available reviewed reporting did not establish any threat directed at a named executive. Reassess based on confirmed, current conditions rather than undated social posts. [5-10,14-15]

PRIORITY ACTIONS FOR PROTECTIVE TEAMS

#	RECOMMENDED ACTION
1	Confirm today's 5K closure perimeter and tomorrow's marathon crossings before every principal movement; brief drivers on no-parking / towing zones. [5-7]
2	Contact each hotel in the itinerary: confirm staff availability, valet and loading-door operation, room service, safe entry and any active picket corridor. [9-10]
3	Hold a substitute pickup outside Michigan/Pearson and a second route for the afternoon organizer-advertised march; validate current location, not advertised crowd size. [8,20]
4	Use secured vehicles and controlled garages. Limit exposed principal wait time, avoid distracted phone use at curb, and never interfere with an unfolding criminal incident. [14-15]

24-72 HOUR EXECUTIVE TRAVEL OUTLOOK

SUNDAY, OCT. 11 - HIGH GROUND DISRUPTION: Chicago Marathon begins early; 55,000 runners; course closures generally 6:00 a.m.-4:00 p.m. across multiple neighborhoods. NWS sunny ~73 F. Plan cross-town movement outside course windows; Olivia Rodrigo at United Center at 7:00 p.m. [1,6,16]

MONDAY, OCT. 12 - ELEVATED / DOWNTOWN: JCCIA Columbus Day Parade: Dearborn Street from Wacker to Van Buren; organizer program ~12:30-2:30 p.m., with preceding ceremonies. Grant Park teardown continues. High near 86 F; evening storm chance. [1,6,17]

EARLY TUESDAY, OCT. 13 - WATCH: A cold front may bring showers or thunderstorm chances after Monday night; reconfirm FAA and Chicago NWS before early airport runs. Residual hotel labor action may continue and needs site-specific verification. [1-2,9-10]
